Dear Sir,

We are in receipt of your letter. Please get the board and fix the ceiling in my room in good shape and muresco the ceiling. If the side walls need it, do them also in a lighter shade.

We are planning to go either the 16th or 19th. Will let you know positively which day. Is the porch floor in very bad condition?

Thanking you for your attention, we are,

Yours very truly,

P. S. Regarding the windows for the cabin, ~~machines~~ wouldn't it be possible to get windows that would slide?

My Dear Mr. Potter,

You will find enclosed a check for \$60.³⁰ which please place to my credit. In going over the bill we find a charge of \$10. for "lumber etc. 2 x 8" blinds
My recollection is that you told me the ~~lumber~~ would cost \$5. Will you please look into this and let me hear from you. Does the lumber above referred to belong to the blinds and if not what was it for?

Yours very truly,
